# Prince Moutima

## PERSONAL PROFILE

Highly motivated and versatile professional with a strong foundation in web development, software engineering, and software development. I am eager to contribute my skills and drive to deliver innovative and efficient solutions. With a proven ability to quickly learn new technologies and adapt to evolving project requirements, I am ready to thrive in a dynamic and collaborative environment. Passionate about creating user-centric applications, Seeking opportunities as a Web Developer, Software Developer, Software Engineer, or Junior Software Engineer to make a meaningful impact and contribute to cutting-edge projects.

## STRENGTHS & CAPABILITIES

- Experience with front-end technologies to develop responsive and user-friendly web applications.
- Proficient in programming languages with a solid understanding of syntax, data structures, and algorithms.
- Ability to change gears on short notice and adapt to the new reality quickly and seamlessly.
- Ability to work effectively within a highly ambiguous, fast-paced environment.
- Strong analytical and problem-solving skills to troubleshoot issues, debug code, and develop efficient solutions that meet project requirements.

## SOFTWARE DEVELOPMENT PROJECT EXPERIENCE

[GitHub Portfolio Link](#)

### Island Hopping, Developer

- Technologies used: Java | JavaScript | Git | MySQL | Express | HTML | CSS | Spring Boot | JSON | REST APIs
- A site that's been created for individuals who seek to gain knowledge on various islands around the globe.
- Users possess the option to search islands based off their respective continents and countries.

### Mystery Educator, Developer

- Technologies used: Java | Git | REACT | HTML | CSS | JSON | JavaScript
- Mystery Educator is a specialized platform created with the sole purpose of educating children between the ages of 6 and 13. Our goal is to provide engaging and informative content on a wide range of topics, from astronomy to exploring various musical instruments, utilizing the power of APIs. Designed to captivate young minds, Mystery Educator offers a unique learning experience that combines fun, curiosity, and knowledge acquisition. Join us on this educational journey and unlock the wonders of the world through interactive exploration.

### Geo-To-Go! Developer

- Technologies used: Git | REACT | HTML | CSS | JSON | APIs | JavaScript
- Geo-To-Go is an educational platform dedicated to enlightening individuals about countries, continents, states, capitals, and general knowledge associated with geography. With a primary focus on elementary to middle school learners, this website offers valuable resources for anyone seeking to enhance their understanding of capitals and flags. Whether you are a student, educator, or simply curious about geography, Geo-To-Go provides an accessible and enriching experience for all.

WORK EXPERIENCE

Package Handler | UPS | Columbus OH | 09/21- 02/23

- Positive recognition from supervisors for carrying out tasks vital to UPS’s package delivery services.
- Sort and group packages according to their intended destinations and load them into appropriate delivery vehicles.
- Handle products with utmost care keeping them secure at all times.

Call Center Agent | Facility Source | Columbus, OH | 06/19 - 07/22

- Enhanced a document retrieved from training listing all steps a call center agent must take during a phone call to meet quality assurance. Resulted in less time spent on calls that raised my “calls per day” rate.
- Referred to and constantly updated document to ensure the appropriate steps were being taken during a given call.
- Provided excellent customer service, ensuring customer satisfaction and resolving issues in a professional and timely manner.

Homemaker/Personal Care Provider | 01/14 - Present  
Franklin County Board of Developmental Disabilities | Columbus, OH

- Demonstrated ability to provide compassionate care and support to individuals, including assistance with daily activities, medication management, and emotional support.

Call Center Agent | Automated Health Systems | Columbus, OH | 02/23 - Present

- Strong verbal and written communication skills to effectively interact with customers, actively listen to their concerns, and provide clear and concise information.

EDUCATION
