Software Development Project Experience

We Can Code IT

GitHub Portfolio Link: <https://princem95.github.io>

Island Hopping, Developer

- Technologies used: • Java • JavaScript • Git • MySQL • Express • HTML • CSS • Spring Boot • JSON • REST APIs
- A site that's been created for individuals who seek to gain knowledge on various islands around the globe.
- Users possess the option to search islands based off their respective continents and countries.

Mystery Educator, Developer

- Technologies used: • Java • Git • REACT • HTML • CSS • JSON • JavaScript •
- Mystery Educator is dedicated for kids between the ages of 6 to 13. The goal of the site is to educate children within said age group on random topics ranging from astronomy to learning about instruments with the use of APIs.

Geo-To-Go!, Developer

- Technologies used: • Git • REACT • HTML • CSS • JSON • APIs • JavaScript •
- Geo-To-Go aims to teach individuals about their countries, continents, states, capitals and general knowledge related to geography. The site's been specifically designed for an elementary to a middle school audience but anyone can benefit from using this website to learn their capitals and flags.

Education

Certificate of Software Development

We Can Code IT Project-Based Intensive Bootcamp (2023)

- Planned, designed, and developed professionally programmed applications in collaborative, team-based, and independent settings, demonstrating the proficiency to earn Software Development Certificate.

Bachelor of Science (B.S.) Degree, Social Work, Ohio State University, Columbus Ohio (2021)

Work Experience

Package Handler, UPS, Columbus OH (09/21- 02/23)

- Positive recognition from supervisors for carrying out tasks vital to UPS's package delivery services.
- Sort and group packages according to their intended destinations and load them into appropriate delivery vehicles.
- Handle products with utmost care keeping them secure at all times.

Call Center Agent, FacilitySource, Columbus, OH (06/19 - 07/22)

- Enhanced a document retrieved from training listing all steps a call center agent must take during a phone call to meet quality assurance. Resulted in less time spent on calls that raised my "calls per day" rate.
- Referred to and constantly updated document to ensure the appropriate steps were being taken during a given call.

Homemaker/Personal Care Provider, Franklin County Board of Developmental Disabilities, Columbus, OH (01/14 - Present)
